# Nightly 'Zine

◆ Issue 6 ◆

⊙ The official daily news sheet for Seattle Worldcon 2025 ⊙

## Have you seen all the costumes?

As I was telling you this morning, I am really looking forward to the Masquerade. It will be tonight in Summit Ballroom 1, on the 5<sup>th</sup> floor.

Oh, yeah, this is Kitty, one of the Seattle Worldcon mascots. This is my introduction of what's going on this evening and After Hours – even though most of it is past my bedtime.

Besides the Masquerade, Miyu tells me there is a super cool dance, DJed by super cool author John Scalzi. There are also readings, a showing of the Rocky Horror Picture Show, singing and interesting panels tonight. Have a great time, everyone!

## Tonight at midnight, in the velvet darkness

Come up to the lab and see what's ... well, if you know, you know. And if you don't, come on out tonight at 11:45 p.m., for a midnight showing of the Rocky Horror Picture Show. It'll be at the SIFF Cinema Downtown, 2100 4th Ave, Seattle.

Seating is limited, so it's first come first served. Cast members are welcome! Write to [llywelyn@outlook.com](mailto:llywelyn@outlook.com) for information or to volunteer.

## Party on, dudes!

Hosted room parties are at the Sheraton Grand and they are open to all Worldcon members. Please check the party board on the Summit 2nd floor, next to the Info Table, for today's events. The board will move to the 3rd floor of the Sheraton after 6 p.m. There is also an online list at <https://seattlein2025.org/program-and-events/events/worldcon-after-dark/>.

Be aware that the Sheraton has two towers, named Pike and Union. Parties are located in both. Last night, Brisbane 2028, which was in the Union Tower, was going strong and didn't wrap up until the wee hours of the morning.

**NOTE:** There are non-convention hotel guests staying on the party floors. Please be mindful of noise levels in the hallways after 10 p.m. or all parties on that floor could be shut down early.

If you want to publish your party, add it to the board, fill out the form on <https://seattlein2025.org/location/hotels-accommodations/room-parties/> or email [parties@seattlein2025.org](mailto:parties@seattlein2025.org).

## The Space Needle has been stolen!

We are sad to report that many of our mini Space Needles (part of the Passport Scavenger Hunt) have been stolen from their hiding places. So, you may not be able to find a Space Needle, but the info cards and stampers are still in their spots for you to stamp your passports!

## Greetings from Germany

by Armin Hofmann

I finished my first science fiction fanzine, titled BAWUEMANIA, while in Seattle and sent the print data to Germany shortly before Seattle Worldcon started. Now I'm enjoying the U.S. fanzines in the Fanzine Lounge and am very impressed by the enthusiasm of the Fanac Fan History Project and Worldcon itself.

Greetings, everyone, from the Science Fiction Club Baden-Württemberg, southwest Germany, between the Black Forest, Stuttgart, and the Swabian Alb, to Seattle WorldCon 2025! Where we are "Building yesterday's future for everyone" — even small German fan clubs!

## The value of lost and found

"Thank you to whomever turned in my credit card" said a grateful convention member.

The Lost and Found has returned many valuables, such as wallets, bags, credit cards, ID cards and satchels full of important papers.

If you're missing anything, please check with Lost and Found in Summit room 440.

## The filking is strong at this con

The Daily 'Zine and Nightly 'Zine are the news sheets for Seattle Worldcon 2025. The 'Zines are published as a morning edition released at 9 a.m. and an evening edition released at 2 p.m. Info blurbs and photos from you, the convention members, are welcome and encouraged. The deadline is 10 p.m. for the next day's edition and 11:59 p.m. for the next evening's edition. Email your photos and submissions to [zine@seattlein2025.org](mailto:zine@seattlein2025.org).

Your intrepid galactic explorer is Caitlin Cormier. Your entertainment-feed super star is Shelley George and pathfinder-drone programmer is Greg Burton. Special thanks to hyperspace navigator Michael Hanscom, aperture-control-system tech Kelcey Bauer and cloud-computing meteorologist Grant Dobbe. All gratitude to debris deflector Kevin Black and freehold leader Kathy Bond.

Like launching a deep-space research vessel, it takes a lot to get a Worldcon off the ground. All the fen, doing all the things: <https://seattlein2025.org/about/committee-and-staff>.
